1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 1, 2, 5, 8, 9, 12, 15 and 16 rejected under 35 U.S.C. 103(a) as being unpatentable over O'Hare '110 in view of Tennant '999.

Note that O'Hare teaches a bag with a semi-rigid pad attached to the external bottom part of the bag in the folded condition and extends along the ground or floor depending on where it is used when the mat is unfolded and used as a support. To have formed such a pad or mat with multiple hinged panels to extend its area of coverage would have been obvious in view of such teaching by Tennant.

3. Claims 4, 6, 18 and 21 rejected under 35 U.S.C. 103(a) as being unpatentable over the references as applied to claim 1 and 5 above, and further in view of Gay '057.

To have provided three panels hinged together and formed one panel as an integral wall of the bag would have been obvious in view of such teaching by Gay. Note the folding of the panels protects the top surface, as claimed.

4. Claims 10, 11, 19 and 20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. The drawings were received on 2/23/06. These drawings are acceptable.

6. Applicant's arguments with respect to claims 1 and 5 have been considered but are moot in view of the new ground(s) of rejection. Claims 3, 7, 13, 14 and 17 have been canceled.

7. Applicant's arguments see page 11 of the amendment, filed 2/23/06, with respect to the objection to the drawings and 112 rejection of the claims have been fully considered and are persuasive. The objection to the drawings and 112 rejection of the claims has been withdrawn.

8. The following are suggested formats for either a Certificate of Mailing or Certificate of Transmission under 37 CFR 1.8(a). The certification may be included with all correspondence concerning this application or proceeding to establish a date of mailing or transmission under 37 CFR 1.8(a).
